

Steeple Morden Parish Newsletter March 2024

Editorial

The Parish Council have been busy this month, planting trees, installing a water fountain and various gym equipment is also in position on the recreation ground. The children's play area has been repaired and upgraded with new equipment. The surrounding hedge has been replanted. The footbridge between the footpath and White Pond Wood has been repaired and rebuilt by South Cambs. Highways.

The Parish Council would like to implement a 20mph zone around the centre of the village, which would include the school area. To aid our application we need a list of 'incidents and near accidents' which have occurred in this area. The school has been approached, but parents and parishioners would probably have a better knowledge of any 'near misses' If you have incurred a near accident or been involved in an accident in this area, Cllr Malcolm Bird would like to know.

With Easter arriving at the end of March I have listed some events in the surrounding area which may be of interest. Litterpick is back on Saturday 23rd March. Desma.

Ashwell & Bassingbourn Surgery

Good morning patients, today we are finally having our new phone system installed. We are not expecting any downtime during the switch over process but please be patient with staff that answer your calls today. We all received training on the new system yesterday however, it is new, so please be patient with us 😊

Most excitingly the system has a "call back" function, please make use of this, as it will hold your place in the call queue and allow you to get on with your day without the need to hold on - we will call you back when you reach your turn.

As we all know, our old telephone system was not fit for purpose but we are all hopeful the new system will bring reliability and convenience. Any feedback on the new system, good and bad, is most welcome.

Kind regards, Ashwell Surgery.

PARISH COUNCIL NEWS.

We are excited to share with you all that a new drinking water fountain has been installed today. The fountain is located on the wall besides the disabled toilet. As you can see from the photo, the fountain also features a bottle filling option, which we hope will encourage the reusing of plastic bottles. This is a great resource and feature to have, and we are sure that it will be well used. With regards to the disused fountain as you approach the cricket pavilion, unfortunately we are not able to reconnect the water supply. The reason it was turned off some years ago is that a water leak was discovered in the underground pipe which is located under the middle of the pavilion. Also we must ensure that the water quality is always fit for human consumption, unfortunately we cannot guarantee this with the current setup. Therefore the stone fountain will remain as a memory of those before us who helped to shape the village as it is today.

No excuses now,
we have bought
the gym to you!
